

Celtic Chow Chow Club

Held at Longlevens Gloucester on 4th October 2026

My thanks for the invitation to judge this club's 1st championship show since its amalgamation

The show was well organised had a good venue with plenty of parking thanks also to the committee and steward

I have a few worries in the breed firstly size, the breed is definitely getting smaller and rears are getting narrower the breed should have size and width all through, bone is also lacking in the rear end along with good solid feet for the dog to stand on and an old saying being no foot no dog how can you have good rear movement if the dog has nothing to stand on to propel itself forward, also very few possess the correct rear movement, also presentation is important and some of the exhibits had been scissored which is a no no, if you have excessive dead coat groom it out

MPD 1 entry

1st Greens - Jamarhys Pen Draig 6m shaded red, a pretty boy who needs to grow and develop in all departments he has a clean eye good bite and a level topline

PD 0 entries

JD 2 entries

1st Bone and Markillies - Newfangled Buckee Burr 16m red clean eye masculine in appearance with a strong muzzle having a good bite and pigment solid neck and level topline good ribbing and forequarters with adequate bone his movement excelled especially in the rear giving a balanced look when viewed on the move CC and BIS

2nd Greens - Southern Skies Shame On The Moon Among Jamarhys lighter red of a different type, more open in face but still has a well laid out head he is of decent size but a shade longer in back than the winner could be presented better moved ok
